SOJIB AHMED

Software Quality Assurance Engineer | Web & Mobile Application Testing

Sylhet, Bangladesh | +88 01777579006 | sojibsylhet77@gmail.com
LinkedIn | GitHub | Portfolio | QA Portfolio

PROFESSIONAL SUMMARY

Computer Science graduate with 3 months of hands-on SQA internship experience at Appifylab. Experienced in manual testing of LMS-based SaaS platforms, web applications, and Android/iOS apps. Skilled in functional and regression testing, deep link validation, API response analysis, and defect management. Documented and tracked 116+ task and defect cards across EzyCourse and EzyCommunity using Trello. Familiar with test case design, cross-platform testing, and production issue verification.

TECHNICAL SKILLS

Manual Testing: Functional, Regression, Smoke, Sanity, Retesting, Boundary Value Analysis

Web & Mobile QA: Android/iOS Testing, TestFlight, Deep Link Testing, Cross-Browser & Responsive Testing, RTL Testing

API Testing: Postman, REST APIs, HTTP Status Codes, JSON Response Validation

QA & Defect Management: Test Case Design, Bug Reporting, Severity/Priority Assessment, SDLC, STLC, Agile/Scrum

Tools & Technologies: Trello, Chrome DevTools, Git, GitHub, HTML, CSS, JavaScript

PROFESSIONAL EXPERIENCE

Appifylab | SQA Engineer Intern *August – October 2026 (3 Months)*

- Performed manual functional and regression testing of EzyCourse, an LMS-based SaaS platform, and EzyCommunity web and mobile applications.
- Tested Android branded apps and iOS builds through TestFlight, including deep links to courses, lessons, and community content.
- Managed and verified 116+ task and defect cards across web and mobile projects using Trello.
- Investigated API errors, edge cases, UI defects, localization issues, and cross-platform inconsistencies.
- Reported bugs with reproducible steps and supporting evidence; retested fixes and verified client-reported issues across staging and production environments.
- Created structured test cases and QA reports using Google Sheets.

KEY PROJECTS

Intern QA Portfolio — Appifylab | GitHub

- Documented practical testing activities, defect reports, and test suites for EzyCourse and EzyCommunity.
- Created test cases for deep links, coaching, notifications, member management, and mobile app behavior.

SwiftCart — E-Commerce Web Application | JavaScript, REST APIs | Live Demo

- Developed and tested product filtering, cart calculations, form validation, and responsive layouts.
- Tested API data fetching, loading states, and edge-case user workflows.

Personal Portfolio Website | HTML, CSS, JavaScript | Live Demo

- Built a responsive portfolio website and validated layouts and frontend behavior using Chrome DevTools.

EDUCATION

B.Sc. in Computer Science & Engineering | Leading University, Sylhet, Bangladesh *2022 – 2026*

CGPA: 3.59/4.00

EXTRACURRICULAR ACTIVITIES

IEEE Computer Society — Leading University Student Branch

Former Local Member (2022 – 2026); participated in technical seminars, coding events, workshops, and collaborative problem-solving activities.
